Mr Frain is one of the most talented and versatile actors around; sadly he only gets roles which are secondary or appear briefly, which is not what i think and actor of his quality and talent deserves. Although he's such a great performer that he's superb at portraying the smallest role and making his work talk for itself.  
I must thank whoever is behind this website because it gives him all the justice that hollywood doesn't. Amazing website and magnificent investigative work. Keep it up.

Dear James,

I've been meaning to try and get in contact with you but I found it totally impossible. I am one of the member of the Frain family. Martin Frain is my father. I too am working on achieving my goals to enter the School Of Music and Drama. I would really like to meet you one day. I know it might sound crazy or mostly impossible, but it's what I really want.

Yours truly,

I too first fell in love with james as Forney. I believe the role could win the heart of any romantic. Mr frain is very talent, has a great voice, and seems to be able to play any role. All this is besides the fact that he is extremely gorgeous. His hair is something to dream about. I am writing a new novel, his looks and characters are the inspiration for my main male character. Ofcourse, it is a love story. Sorry, so long, but I am a writer.

There is a big movie studio, where Dawson's Creek was filmed, etc. I think He was in a restaurant called Whahoo Willies. If it was him, we were sitting right next to him. He was beautiful. It had to be him. Please if anyone has any information about upcoming movies and where they were filmed, let me know. Thanks Carolina

When I first saw Where the Heart is? I rented it because of Natalie Portman. I wondered who is that actor that played Forney. I was stunned to learn he was British. I have seen many of his works via film and tv. Armadillo is awesome as is role in Hilary and Jackie. He role in Path to War with Michael Gambon who played Lyndon Baines Johnson (now on DVD). We want more James Frain. He is very talented. Handsome as well.
